Trevor,

I know that John is checking. We do not have an answer yet, but John or I will get back with you as soon as possible.

On a separate subject: I regret that I had to miss the OSE custodian deposition. In the past, we discussed moving forward and scheduling dates for the remaining agencies. Since scheduling is becoming increasingly difficult, it makes sense to go ahead and schedule dates for Wildlife Conservation, Tourism and Recreation, and ODAFF. Can you provide us with some proposed dates?

Theresa

Theresa,

I talked to John Tucker yesterday about if you guys would support/oppose a Request for Oral Argument for your Motion to Compel. He was going to check with Cargill. Can you check to see if he talked to them and if you guys support/oppose a Request for Oral Argument.

Theresa,

I talked to Colin on Friday about getting together to discuss your Motion to Compel before filing on Monday. We felt we needed to address many of the issues raised by your Motion and filed our response yesterday. However, we would still like to talk to you about the Motion and see if we can reach any resolution on these issues. I am out filled up today, but do you have some time later this week so that we can discuss?

Thanks,

Trevor
