RE: *State of Oklahoma, et. al. v. Tyson, et al.*
Civil Action Number: 05-CV-0329-GKF-PJC

Dear Leslie,

To follow up on my January 2, 2009 correspondence, enclosed is a CD labeled "Remaining Correspondence Files for State's Damages Experts." As mentioned in my Jan. 2, 2009 letter, this CD contains the most recent email correspondence from the State's damages experts which we were not able to gather and process in time to include on the hard drive sent to you on January 2, 2009.

Additionally, the CD includes the email attachments for Drs. Krosnick and Hanemann that I addressed in my Jan. 2, 2009 letter, which were problematic due to their Eudora-based email systems.

Please let me know if you have any questions.

Sincerely,

Claire Xidis
